

Critical Information Summary

- Business Ethernet

For everything internet, trust a local.

This summary provides important information regarding OntheNet's Business Ethernet service. Full terms and conditions are available on our website www.onthenet.com.au/policies

Information About the Service

Business Ethernet provides Internet access presented as a single Ethernet port operating over dedicated copper lines to a specified address and is available Australia wide. This product is not required to be bundled with any other OntheNet product. The minimum contract term is determined by the plan selected.

The bandwidth quoted by OntheNet is the maximum theoretical speed. OntheNet does not guarantee that the maximum speeds stated will be attainable in all cases.

All orders are subject to a Service Qualification to confirm the premises can support the service. Although the customer does not require an existing telephone service to obtain the service, a phone number at the premises is requested for service qualification purposes. Business Ethernet, or the plan selected, may not be available due to technical limitations eg. distance between the customer site and telephone exchange or lack of available copper pairs.

Delivery and completion of the service is dependent on availability of copper pairs, lead-in and in-building cabling. In-building cabling or cabling beyond an MDF that is required to deliver the service is the customer's responsibility and cost. The service may be delivered by OntheNet using SHDSL or Mid-Band Ethernet technology.

A monthly access fee is applicable which includes a monthly data allocation. If the included data allocation is exceeded an excess data charge will apply. A single static IP address is provided however additional IP addressing may be available if technically justified. The service includes a Service Level Agreement (SLA) and access to after hours technical support via the OntheNet priority support number. Proactive service monitoring during OntheNet technical support hours and reactive service monitoring after hours is also provided.

Service Modifications, Plan Changes or Relocations - Any service modification is subject to a service qualification and may result in an establishment fee and new contract term. Speed upgrades may not be available at all locations due to technical limitations. Relocation of the service to another address is equivalent to cancellation and a new service.

Hardware - OntheNet will provide a Network Termination Unit (NTU). The NTU is the device that the service terminates on at the customer premises. The NTU is managed by, and remains the property of, OntheNet. Beyond the NTU a router may be required. OntheNet may be able to provide a router, depending on the customers' requirements, for an additional cost.

Information About Pricing

Plan options and pricing varies depending the telephone exchange that the location is connected to. An exchange boundary map is available on our website: www.onthenet.com.au/business-ethernet

- On-Net exchanges: Ashmore, Bundall, Burleigh Heads, Merrimac, Nerang, Robina, Southport, Surfers Paradise.
- Off-Net Gold Coast exchanges: Arundel, Coombabah, Mudgeeraba, Oxenford, Stephens.

All prices include GST and are shown in AUD.

Monthly Charges & Establishment Fee - The establishment fee and monthly fee varies depending on the location and the customer's requirements. Plan options for sites located on the Gold Coast are shown overleaf. If you are located elsewhere or have other requirements please contact our Sales Team for a quote. Monthly fees are billed in advance each month.

Early Termination Fee - If the service is cancelled prior to the contract end date an early termination fee will apply. The maximum early termination fee payable is equal to the total of the remaining monthly access fees for the contract term. Relocation of the service to a new address does not release the customer from an obligation to pay any applicable early termination fee, unless approved in writing by OntheNet. If the service is not relocated with OntheNet for any reason, including but not limited to, OntheNet being unable to deliver a service at a new location, any applicable early termination fee is payable in full.

Billing - All invoices will be emailed as a PDF attachment. Mailing of paper invoices is available and if requested will attract a \$1.50 surcharge per invoice.

Promotional plans - Only available for locations that connect directly to one of the On-Net exchanges listed on page 1 and satisfy OntheNet service qualification criteria. OntheNet must receive a completed order form by 30th September 2018.

- If you take up the \$99 per month promotional plan, the minimum total contract price over a 24 month contract period with \$300 establishment fee is \$2676.

Promotional Plan Options				
Max Bandwidth (Download/Upload)	Establishment Fee	Data Allocation	Monthly Fee	Contract Term
2/2 Mbps	\$300	Unlimited	\$99	24 Months
4/4 Mbps	\$300	Unlimited	\$199	
10/10 Mbps	\$300	Unlimited	\$239	
20/20 Mbps	\$300	Unlimited	\$349	

Gold Coast plans - Only available to sites that connect directly to one of the Gold Coast exchanges listed on page 1.

- A Distance Surcharge of \$130/month will be added to the monthly fee if the cable length between the exchange and the customer site is greater than 2.6Km. Contact our Sales Team for a free service qualification.
- If you take up the \$99 per month On-Net Gold Coast plan, the minimum total contract price over a 36 month contract period with nil establishment fee is \$3564.

Gold Coast Plan Options						
Max Bandwidth (Download/Upload)	Establishment Fee	Data Allocation (counting downloads only)	Monthly Fee		Excess Data	Contract Term
			On-Net	Off-Net		
2/2 Mbps	NIL	50GB	\$99 (\$1.98/GB)	\$299 (\$5.98/GB)	\$5/GB	36 Months
		Unlimited	\$189	\$389	n/a	
4/4 Mbps	NIL	50GB	\$189 (\$3.78/GB)	\$339 (\$6.78/GB)	\$5/GB	
		Unlimited	\$299	\$449	n/a	
10/10 Mbps	NIL	50GB	\$399 (\$7.98/GB)	\$459 (\$9.18/GB)	\$5/GB	
		Unlimited	\$499	\$699	n/a	
20/20 Mbps	NIL	50GB	\$449 (\$8.98/GB)	\$549 (\$10.98/GB)	\$5/GB	
		Unlimited	\$599	\$899	n/a
