

Critical Information Summary

- Business NBN plans, Fixed Line network

For everything internet, trust a local.

This summary provides important information regarding Business NBN plans for services supplied via the NBN Fixed Line network. Full terms and conditions are available on our website www.onthenet.com.au/policies

Information About the Service

A Business NBN service provides Internet access to the customer's premises. This product is available wherever access to the NBN Fixed Line network is available and is not required to be bundled with any other OntheNet product. Business NBN plans are available nation wide. The minimum contract term is 24 months.

All orders are subject to a Service Qualification to confirm the premises can support the service. The selected speed tier is the maximum possible speed (Mbps) that is available during off-peak periods. Actual speeds may be slower for a variety of reasons. Refer to the NBN Key Facts Sheet for more information www.onthenet.com.au/policies

The monthly access fee includes unlimited data allocation. Up to 5 email mailboxes can be provided for no extra cost. The service includes a single static IP address, additional IP addressing may be available for an additional cost. After hours Technical Support is available for Business NBN services.

A plan change may be requested at any time. Plan changes take effect from the first of the following month.

An NBN compatible modem/router is required in order to use the service. This can be supplied by OntheNet as an optional extra or you may choose to provide your own. The type of hardware you need depends on the NBN technology. You must ensure the hardware chosen is appropriate and adequate for the intended purpose.

In FTTC, FTTP and HFC areas some equipment that is owned by NBN Co will need to be installed in your premises if it isn't already.

Internal cabling is the customer's responsibility and cost. Insufficient cabling beyond the network boundary point may delay provisioning of the service. The service will not function in the event of a power failure unless you install an Uninterruptible Power Supply (UPS) to provide power to all equipment associated with using the service.

For more information about speeds, installation and equipment requirements please visit www.onthenet.com.au/nbnotech

Information About Pricing

Monthly Charges - The monthly fee is determined by the plan selected and is billed in advance each month.

Establishment Fee - There is no Establishment Fee however installation charges may apply. If a non-standard installation is required the costs quoted by NBN Co will apply. If a new or inactive copper pair is to be activated or an additional NBN Connection Box is required a \$300 subsequent installation charge may apply. If it is the first NBN connection at a new development site a \$300 new developments charge will apply.

Early Termination Fee - If the service is cancelled prior to the contract end date an early termination fee will apply. The maximum early termination fee payable is equal to the total of the remaining monthly access fees for the contract term.

If the service is successfully relocated to another address with OntheNet the early termination fee will be waived, provided the relocation occurs within 30 days. If the service is not relocated with OntheNet for any reason, including but not limited to, OntheNet being unable to deliver a service at a new location, any applicable early termination fee is payable in full.

Fibre Connect - If within 12 months of the Fibre Connect Order being completed, the Customer requests a plan change that does not meet the minimum speed tier requirement, or Cancellation of the Service occurs for any reason including Reconnection or Relocation, a once off \$180 Fibre Connect Cancellation Fee will apply, due and payable immediately. The Fibre Connect Cancellation Fee is independent of any other Cancellation Fee that may apply.

Billing - Invoices are emailed as a PDF attachment. Mailing of paper invoices attracts a \$1.50 surcharge per invoice.

All prices include GST and are shown in AUD.

| Business NBN Plans - Fixed Line network | | | |
