

Critical Information Summary

- Personal NBN Gold Coast plans, Fixed Wireless network

For everything internet, trust a local.

This summary provides important information regarding Personal NBN Gold Coast plans for services supplied via the NBN fixed wireless network. Full terms and conditions are available at www.onthenet.com.au/policies

Information About the Service

The service provides Internet access to the customer's premises via the NBN fixed wireless network. This service is not required to be bundled with any other OntheNet product. The minimum contract term is 1 month, unless a 24 month contract term is selected.

All orders are subject to a Service Qualification to confirm the premises can support the service. The selected speed tier is the maximum possible download speed (Mbps) that is available during off-peak periods. Actual speeds may be slower for a variety of reasons. Refer to the NBN Key Facts Sheet for more information www.onthenet.com.au/policies

The monthly access fee includes a data allocation. If the data allocation is exceeded the service will be shaped to a slower speed until the next billing anniversary date (no excess usage charges). The service includes a dynamic IP address. A static IP address can be assigned for an additional cost. A single email mailbox is provided with each service and up to four additional mailboxes can be added for no extra cost. All charges must be paid by automatic deduction from a credit card.

A plan change may be requested at any time and will be effective immediately or on the next billing anniversary date, whichever is requested by the customer. A once off fee applies when changing to a plan with a different speed.

An NBN compatible modem/router is required in order to use the service. This can be supplied by OntheNet as an optional extra or you may choose to provide your own. You must ensure the hardware chosen is appropriate and adequate for the intended purpose. Some equipment that is owned by NBN Co will need to be installed in the premises if it hasn't already.

Internal cabling is the customer's responsibility and cost. Insufficient cabling beyond the network boundary point may delay provisioning of the service. The service will not function in the event of a power failure unless you install an Uninterruptible Power Supply (UPS) to provide power to all equipment associated with using the service.

For more information about speeds, installation and equipment requirements please visit www.onthenet.com.au/nbntech

Information About Pricing

Monthly Charges - The monthly fee is determined by the plan selected and is payable in advance each month. If the data allocation is exceeded the service will be shaped (slowed) until the next billing anniversary date.

Establishment Fee - A \$69 establishment fee is applicable if a 1 month contract term is selected and is payable prior to the order being processed by OntheNet. This establishment fee is waived for customers that convert an existing OntheNet broadband service to a Personal NBN plan. There is no establishment fee with a 24 month contract term.

Installation charges may apply. If a non-standard installation is required the costs quoted by nbn co will apply. If an additional NBN Connection Box is required a \$300 subsequent installation charge may apply. If it is the first NBN connection at a new development site a \$300 new developments charge will apply.

Speed Change Fee - A \$19 fee applies when changing to a plan with a different speed.

Early Termination Fee - If the service is cancelled prior to the contract end date an early termination fee will apply. The early termination fee is either \$160, or, the balance of the total remaining monthly access fees for the contract term, whichever is less.

If the service is successfully relocated to another address with OntheNet the early termination fee will be waived, provided the relocation occurs within 30 days. If the service is not relocated with OntheNet for any reason, including but not limited to, OntheNet being unable to deliver a service at a new location, any applicable early termination fee is payable in full.

Billing - All invoices will be emailed as a PDF attachment. Mailing of paper invoices will attract a \$1.50 surcharge per invoice.

All prices include GST and are shown in AUD.

Personal NBN Gold Coast Plans - Fixed Wireless network

Speed Tier	Data Allocation	Monthly Fee	Total Minimum Price	
			1 Month Contract	24 Month Contract
nbn25/5 Speeds are variable	200 GB	\$59.95	\$128.95	\$1438.80
	Unlimited	\$69.95	\$138.95	\$1678.80

- Gold Coast plans are only available within the Gold Coast region and some surrounding suburbs.
- Downloads and uploads are counted towards the data allocation. If the data allocation is exceeded the service will be Shaped (slowed) to 1/1Mbps until the next billing anniversary date.
- The selected speed tier is the maximum possible speed (Mbps) that is available during off-peak periods. Actual speeds may be slower for a variety of reasons. For more information please visit www.onthenet.com.au/nbnspeeds
