- NBN Key Facts Sheet and Critical Information Summary available at www.onthenet.com.au/policies
- The selected speed tier is the maximum possible speed (Mbps) that is available during off-peak periods. Not all speed tiers are available in all locations. [^]The typical download speed is what the average customer can expect to receive during busy periods (7pm-11pm). OntheNet is unable to provide typical speeds for some plans. FTTN/B/C speeds to be confirmed. Actual speeds may be slower for a variety of reasons. For more information visit www.onthenet.com.au/nbntech
