

TP-Link Deco M4

Wireless Mesh

\$199 for a 2 pack

✓ Wi-Fi that covers your whole house

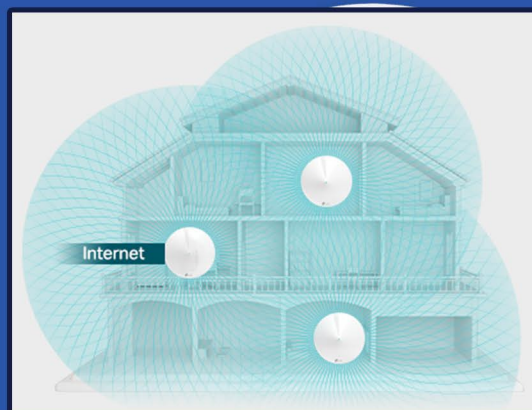

Two pack reaches 350 square metres and a three pack reaches 510

✓ Faster Video Streaming and Gaming

The Deco M4 provides fast and stable connections with wireless speeds of up to 1000Mbps

✓ Manage your Network and Usage

With TP-Link HomeCare, you can control when and how your network is accessed with built in Antivirus and device management.*

✓ Optional Professional Install

Not confident about connecting and configuring your new Wi-Fi network? OntheNet will come to your home and make it all happen!#

Our Technician will:

- Connect a 2 pack of Deco M4's at the best locations to cover your whole home.
- Run speed tests before and after to show you the improvement. No improvement, no install charge!¹
- Disable existing Wi-Fi and connect up to 5 devices.
- Help you download and setup the HomeCare app.

All this for only \$150!

*Antivirus updates are available for a limited time only.

#Professional installation is available at limited Gold Coast addresses only.

¹ Install fee will not be charged if no performance was gained over wireless compared to the existing standalone modem/router. Hardware will also be refunded.
